

Items Required for Hanging Gates

TO HANG A SINGLE FIELD, ENTRANCE OR BENT HEEL GATE

- 2 no gate posts
- 1 no adjustable kit
- 1 no latch (depending on how the gate is hung)
- 1 or 2 surface bolts to secure into the ground

For our field and entrance gates, we suggest the following sizes of gate post depending on the size of your gate:

3' - 4' wide gate would need a 8' x 5" x 5" gate post

5' - 6' gate requires a 8' x 6" x 6" gate post

7' - 9' gate would need a 8' x 7" x 7" gate post

10' - 12' gate a 8' x 8" x 8" gate post

Any gate over 12' would need a 9' post

TO HANG A PAIR OF FIELD, ENTRANCE OR BENT HEEL GATES

- 2 no gate posts
- 1 no adjustable kit
- 1 no drop over catch
- 1 or 2 surface bolts to secure into the ground

For our field and entrance gates, we suggest the following sizes of gate post depending on the size of your gate:

3' - 4' wide gate would need a 8' x 5" x 5" gate post

5' - 6' gate requires a 8' x 6" x 6" gate post
7' - 9' gate would need a 8' x 7" x 7" gate post
10' - 12' gate a 8' x 8" x 8" gate post
Any gate over 12' would need a 9' post

TO HANG A PALE GATE

- 2 no gate posts
- 1 pair of Tee hinges
- 1 auto catch

For gates under 4' high, we recommend gate posts that are 6' x 4" x 4". Tee hinges should range in size from 10" - 18" depending on width of the gate.

TO HANG BOARDED DRIVEWAY GATES

- 2 no gate posts
- 2 or 3 pairs of hooks and bands
- 1 no heavy duty ring latch
- 1 or 2 no surface bolts

Size of gate posts and hooks and bands is dependent on dimensions of the gates - please call us for advice.
